**Accepting new Medicare patients:**

Southeastern Regional Medical Center felt the need to close our clinic on March 20 for restructuring and patient safety. My position was terminated before I had an opportunity to notify the patient population. I have no access to contact numbers for my patients, therefore am unable to contact them. By calling the medical center, they will be able to redirect each patient to an appropriate clinic for re-establishment and medication refills. I am saddened by this event and will miss my friends and patients.
