Practice philosophy:

As a Board-Certified Family Physician, I provide a broad scope of quality-driven, patient-centered, compassionate care to patients who span the age continuum from newborn to geriatrics. I have particular interests in Women's Health, Adolescent medicine and in closing the gap of health disparities that exist among minority populations. My practice philosophy is one educating my patients about preventive medicine and disease management in order that they may become empowered to live healthy, happy and productive lives.
