## Information

### Days patients are seen at this practice:

7 days a week - 24 hours per day

### Practice philosophy:

As a hospitalist PA in internal medicine, I practice on the inpatient spectrum of care. I am responsible for admitting patient's from the emergency department to inpatient status, determining transfer eligibility of patient care to different hospital units, planning admission orders and daily orders including interpreting labs, imaging, other diagnostic modalities, along with ordering and/or administering medical therapies and drugs. I work to provide a continuum of care amongst hospital teammates and specialist by being a patient advocate. I also perform daily rounding on inpatients and determine the steps/actions to be taken daily in medical treatment. I have the authority to consult specialists, consult supervising physicians, and also plan and execute orders for discharging a patient home from the hospital.
